

### Definitions of Done: RIFFAGE

#	User Story	Criteria
1	As a musician, I want a way to add riffs to my library so that I can build my collection.	Allow successful saving. Require name, tab OR audio, and tabs. Disallow duplicate names.
2	As a musician, I want a way to edit my riff entries so that I can build on their description later.	Same criteria as #1.
3	As a musician, I want a sick logo so that I feel good when I open RIFFAGE.	Logo must be really good.
4	As a user, I want account settings so that I can manage my account.	Allow successful saving. Require email.
5	As a musician, I want a page to search my riff library so that I can find the riffs I want to use.	Page should provide all accurate information. Each column should be independently searchable. A blank search entry should mean no filter. All links to connected pages are in place.
6	As a musician, I want a way to attach audio files to the riff entries so that I can hear what they sound like.	Audio saves to riff successfully. Disallow invalid file types. Files can be removed once attached.
7	As a musician, I want a way to edit my uploaded riffs' audio so I can make sure they sound the way I want them to. <b>BACKLOGGED.</b>	Edits to actual audio file save successfully.
8	As a musician, I want a way to attach documents for the notation so that I know how to play them.	Documentation saves to riff successfully. Disallow invalid file types. Files can be removed once attached.
9	As a musician, I want a way to tag my riffs with characteristics so that I can search for them on an abstract level.	All references to single word should tie to the same tag entry in database (no duplicates). Tags should be simultaneously searchable in the Collection page.
10	As a user, I want a way to distinguish what messages I have read so that I do not re-read messages unnecessarily.	Messages that are read appear as such. Messages that are unread appear as such.

11	As a user, I want to be able to send messages to other users so that we can collaborate.	Require Recipient, Subject, and Body entered. Messages are successfully received.
12	As a user, I want to be able to see my messages so that I know what has been sent to me.	Inbox page appears/loads properly. All links to connected pages are in place. All information for each message is accurate.
13	As a user, I want a consistent interface so that I am not confused with every new page I visit.	All logged-in pages have the same navigation bar. All logged-out pages have the same navigation bar.
14	As a musician, I want to be able to interact with other users and see what they have created.	My riffs are always visible to me, public or private. Other users' public riffs are visible to me. Other users' private riffs are not visible to me. Private users' riffs are not visible to me, public or private.
